# Our Mission

Supporting the natural and built environment through engineering excellence, environmental solutions, and the shaping of a safe, sustainable, and equitable future.

## Values

At Apex, our core values in-SPIRE us to be and do our best.

## Safety

We are committed to living safely, working safely, and inspiring those around us to do the same.

## People

We invest in our people, foster a collaborative and inclusive environment, and recognize that diversity makes us stronger.

## Impact

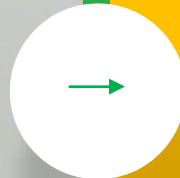

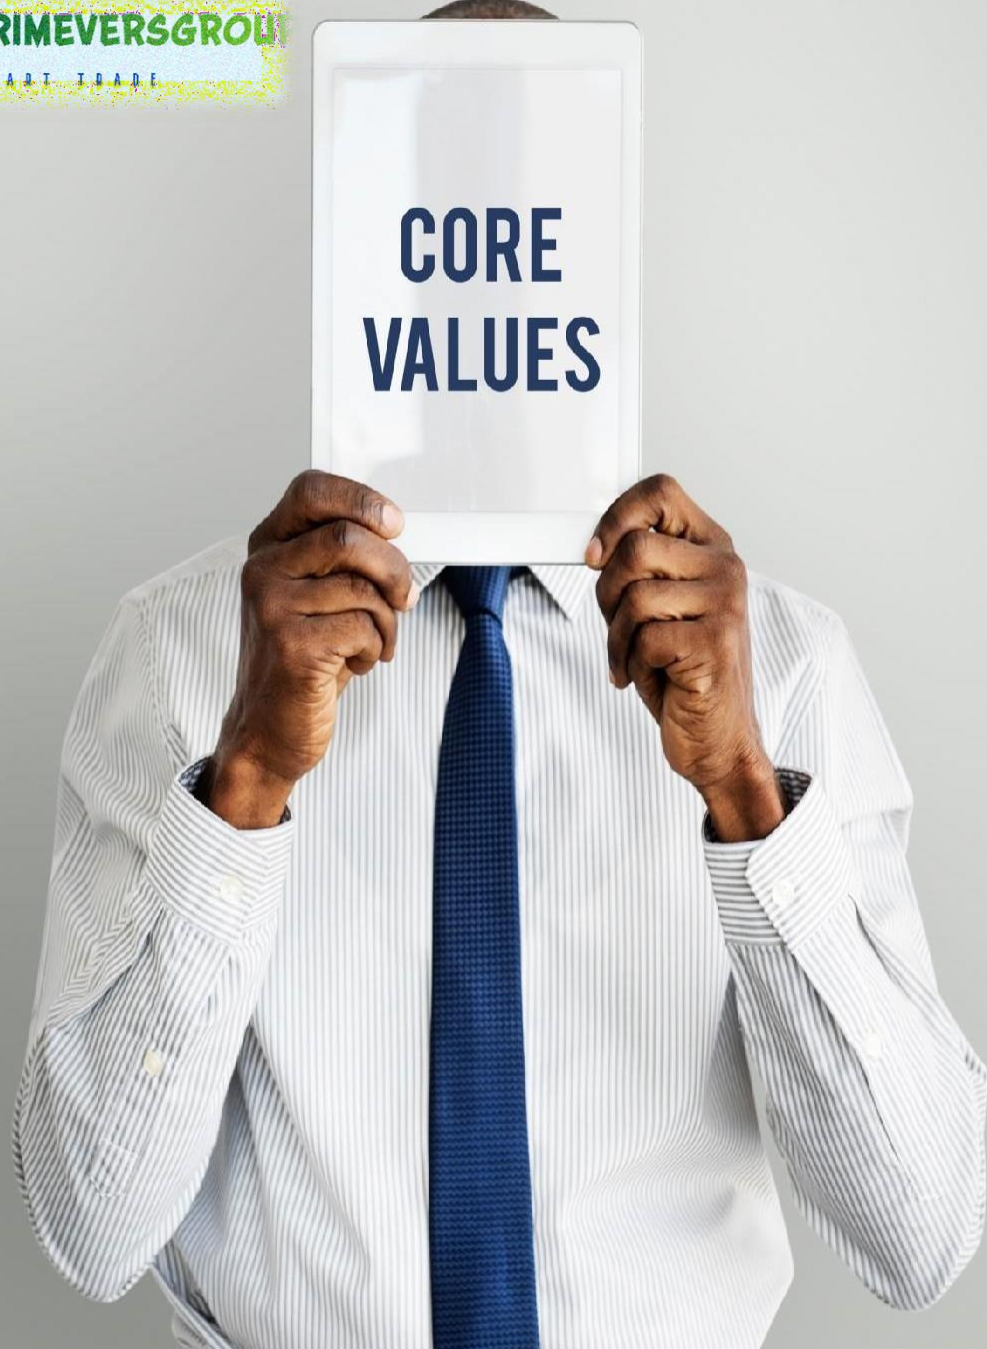

We are passionate about building a better tomorrow for our employees, clients, communities, and the environment.

## Responsibility

We hold ourselves and one another accountable to the highest professional, ethical, and business standards and own what we do.

## Excellence

We cultivate excellence through creativity, innovation, and teamwork.

## Culture

Innovative, responsive, and accountable are just a few of the ways our clients describe us. In short, Primeversgroup is a mid-sized firm with an extensive national footprint and a broad range of engineering, environmental, consulting, and field services capabilities.

Our unwavering commitment to keep our culture healthy, vibrant, and agile includes balancing discipline and flexibility to maximize our effectiveness while minimizing bureaucracy. We've achieved a leadership position in the mid-market by taking ownership of what we do, being accountable to our clients, and always striving to do and be our best. Our business and our brand flourishes because of the competencies, capacity, and commitment of our people, assuring our clients a true partnership that delivers impressive results with unquestionable integrity.

## People

Putting people first isn't just a soundbite, but rather our commitment to maintaining a culture that our leaders and staff members value, embrace, and protect. Diversity, equity, and inclusion are at the core of this as we commit ourselves to an environment that facilitates growth, opportunity, and comfort for everyone. This, along with operating safely, taking ownership of our work, being accountable to one another, and delivering exceptional value to our clients, is how we strive to live and operate as a firm, every day.

As part of this commitment, Primeversgroup has partnered with an award-winning Diversity, Equity, and Inclusion firm to help us maintain a culture of understanding, inclusion, and human dignity.

# Health & Safety Commitment

## Work Safe, Living Safety

Health and safety are our top priority at Primeversgroup. Compliance with applicable safety, health, and environmental regulations is critically important, but it's not enough. We are committed to living safely, working safely, and inspiring those around us to do the same.

We take full accountability for Living Safety—every day—in our offices, at the job site, on the road, and at home. To do that, we:

- Think and act responsibly
- Identify and communicate hazards proactively
- Seek and apply the right tools and training preemptively
- Train regularly and generate awareness continuously
- Report and manage incidents appropriately

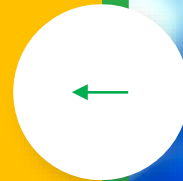

We reinforce these commitments through our Work Safe continuous improvement program which is rooted in the understanding that occupational injuries and illnesses are preventable and safety is everyone's responsibility.

Working together, we never lose sight of our primary Work Safe goal—to ensure that everyone returns home safe and injury-free!

# CRYPTO TRADING

Since cryptocurrencies are entirely based on block chain and cryptographic security, decentralized digital currencies tend to make for safe forms of payment. This can be one of the most certain pros of cryptocurrency. Primeversgroup desires to add value to the life of its people. Thus, it chose to operate in the crypto trading business so it can add value to the lives of others in the most secure way.

Strong privacy is one of the best benefits of crypto trading. It is because of block chain technology that makes crypto transactions private. Privacy of our people is everything to us. Therefore, we let people trade cryptocurrency on our platform.

Prior to that, he served as the vice president of corporate development for Snyder Communications where he led the due diligence and negotiations for myriad complex transactions. Brian began his career in public accounting with Arthur Andersen where he earned his CPA designation. He holds a BS degree from Virginia Tech and when he's not working, he enjoys spending time with his teenage son and daughter.

# NFT

Investing in NFT is accessible to everyone.

Ownership of assets that are tokenized into an NFT can efficiently and easily be transferred among people in the world no matter where

Making use of blockchain technology to virtually signify ownership can make an investor's ownership of an asset safe and more secure. Blockchain tech makes ownership of assets

# GOLD TRADING

Many traders consider gold trading transactions safe and secure. The value of gold isn't affected by any outer economic situations and this is one of the best pros of gold trading. The value of gold also goes higher each time which allows traders to make greater profits.

The pricing mechanism that is used in gold is simpler to follow than the mechanism used in the foreign exchange market. This happens because of fewer factors that affect the gold market and its parameters.
